

Paper DIY Tesla Cybertruck designed by DIY Designer

This template can be used best together with the building process video on my Youtube Channel. Here you can find all visual progress explaining how it works.

Materials:

- A4 paperstock in the colors you like
- glue / glue gun
- cissors + hobby knife
- pencil + ruler
- scoring tool (empty ballpoint, back of a butter knife, nail file)
- pieces of cardboard
- cutting mat
