

Instructions for laser cutting

- You will need to buy six A3 sheets (this measurement is slightly different to the Cardboard box measurement to lessen paper wastage) and six A2 sheets to cut
- The first page is the one with two holes/circles you will use the **6 A3 sheets**
- The next page you will use **3 A2 sheets** to cut the slots and two circles/holes at the bottom
- The next page you will use **3 A2 sheets** to cut the slots and one circles/hole at the top
