Step 1: My Unusual Use of Zip Ties Creation

Hello!

For this instructable, I created a handy tool to use in your office with zip ties. It will help you stay organized and keep your office looking nice and neat!

Step 2: What You Need

You will need the following:

1. Office Supplies (Pens, Sharpies, etc.)

2. One Zip Tie for each grouping of office supplies. (For example, you could do a grouping for sharpies and another grouping for pens)

Step 3: The Final Product

Just make the circle of the zip tie the desired size and attach office supplies using the sides of the caps as you see in the pictures.

I would love to see how you used this instructable in your office. Show me down below in the comments section and I will be sure to reply as soon as I can.
