4.5"

Cut view

Legs

.50"

3.9"

Cut view

4mm/0.15"
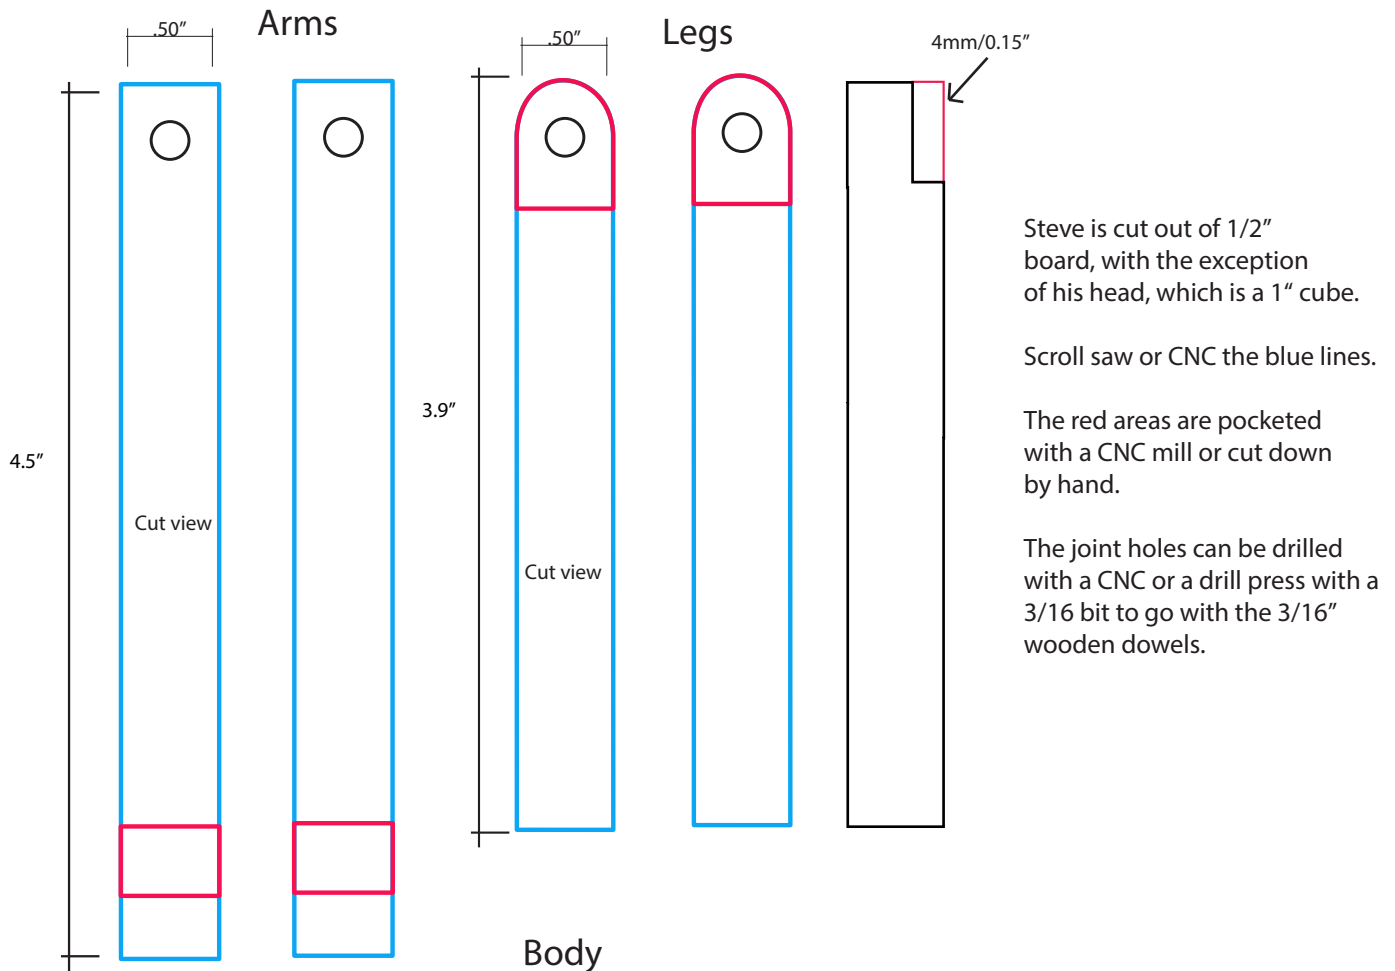

Steve is cut out of 1/2"
board, with the exception
of his head, which is a 1" cube.

Scroll saw or CNC the blue lines.

The red areas are pocketed
with a CNC mill or cut down
by hand.

The joint holes can be drilled
with a CNC or a drill press with a
3/16 bit to go with the 3/16"
wooden dowels.

Body

Cut view

1.28"

2.0"

This piece will need to be cut or sanded
to a curve in order to allow the legs to move.
Turn to its side like this.

Head

cut seperately

1"

Side view

drill the hole then mark and cut
along the green arch.
