

Today you will complete a virtual tour of a museum

Go to this link: [Virtual Tour | Smithsonian National Museum of Natural History \(si.edu\)](#)

Explore the exhibits. You will be building an exhibit for one system of the human body.

These are the things you are looking for:

Interactive displays

Good models/displays

How information is portrayed

Fill out this worksheet while you are exploring: [Museum Observation Worksheet](#)

Video Tours:

Frost Museum of Science:

https://youtu.be/A_chaHGiHxo?si=KWjcb68iY_kvulF

London Natural History Museum:
