

cut out x 1 - this will form the bottom where the arms attach to the body

cut out x 8 or 2 and only do the eye hole eyes and only if using safety eyes

still use these but leave the hole off if using buttons, you can still use these but leave the hole off if using buttons, you can still use these but leave the hole off if using buttons, you can still use these but leave the hole off if using buttons, you can

8 of these please they will be the undersides of the arms
